

## Art Submission Guidelines

P-M Shirts works on IBM PC machines. We prefer files that are supported by Corel Draw (Version 11 or earlier), Adobe Illustrator (Version 9 or earlier), Adobe Photoshop (Version 7 or earlier) or our stitching machines. Artwork must be saved at 300 dpi or higher. Artwork should be sized appropriately. Artwork should have a maximum of 6 colors for silk printing and 10 colors for embroidery.

The following are file types we can work with easily:

### Design File Types

COREL DRAW	*.cdr
ADOBE ILLUSTRATOR	*.ai
WINDOWS BITMAP	*.bmp
ADOBE PHOTOSHOP	*.psd
JPEG	*.jpg
PAINTBRUSH	*.pcx
TIFF	*.tif

### Stitch Files Types

TAJIMA	*.dst
BARUDAN	*.fmc, *.fdr
DOS EXPANDED	*.exp
DOS CONDENSED	*.cnd
ZSK FORMAT	*.zsk
BROTHER, BERNINA	*.pes, *.pec
JANOME	*.sew, *.jef
POEM, SINGER	*.csd, *.xxx
VIKING	*.hus
OESD	*.oef
PFAFF	*.pcs

### Camera-Ready Art

We can work with non-electronic artwork easily if it is camera ready. Camera-ready artwork should be color separated with crisp, clear lines and solid fills (no halftones). Camera-ready artwork should be sized appropriately and should include registration marks on all color separations. Please supply a color composite along with the color separations as a reference.

### Non-Camera-Ready Art

We can work with non-electronic art if it is drawn or created on a white background, is clear enough to create a good scan and if the colors are correct on the artwork. Design fees will apply in order to create a digital version of your non-electronic artwork.
